

HOME BUSINESS INSURANCE

GET THE PROTECTION HOMEOWNERS INSURANCE DOESN'T PROVIDE

The **RLI HOME BUSINESS INSURANCE POLICY** has provided affordable coverage tailored to home-based businesses for over 20 years, and can provide you with peace of mind.

Most homeowners and renters policies do not cover business-related liability or damage to property from business activities. Generally, coverage options on the homeowners policy are inadequate to protect home-based businesses such as fashion consultants.

CONSIDER THIS:

Will your homeowners insurance cover you if:

- Your stock of new clothing is stolen out of your vehicle?
- A power surge damages the computer you use to process orders?
- You break or damage something while visiting a customer's home?

Protect your home-based business with an RLI Home Business Insurance Policy.
